

ENJOYCARE

Folding Quad Walking Stick with Offset Handle

Model **EK-810** · Joy Ours part no. **JOY-WALK-810**

A folding quad stick with an offset handle, five heights from 81 to 95 cm, a 136 kg limit and a 43 cm folded length.

KEY FEATURES

- **Four-point base** Four rubber feet give a wider footing than a single tip, and the stick stands on its own.
- **Offset handle** Places your hand over the shaft so your weight goes straight down the stick.
- **Folds to 43 cm** Small enough for a bag, car boot or cupboard.
- **Five heights** Push-button settings from about 81 to 95 cm.
- **136 kg user weight** The highest limit of the Enjoycare quad-base sticks.
- **Foam grip and strap** A soft foam grip for comfort, plus a wrist strap to keep the stick close.

SPECIFICATIONS

WHO IT SUITS

- People who want a wider base than a single-tip stick gives
- Users who travel or need to store the stick in a bag or car boot
- Users up to 136 kg
- Users who suit a handle height between about 81 and 95 cm

GOOD TO KNOW

- The base stands the stick upright on flat, level ground.
- Place all four feet on the ground before you lean on the stick.
