Folding Quad-Base Walking Stick with LED Light

Model **EK-818** · Joy Ours part no. **JOY-WALK-818**

A purple folding quad-base stick with an LED light, a rubber-coated handle and a 113 kg user weight limit.

KEY FEATURES

- **Four-point base** Stands on its own, so it is there when you reach for it.
- **LED light** Helps you see the way in low light.
- **Rubber-coated contoured handle** Shaped to the hand, with a soft, secure rubber coating.
- **Folds with a strap** The sections fold together and a strap holds them for a handbag, backpack or car.
- **6061 aluminium shaft** Light and strong, with push-button height adjustment.

SPECIFICATIONS

Base	Four-point
Light	LED
Shaft	6061 aluminium
Colour	Purple
Handle	Rubber-coated
Folding	Sectional, with strap
Height Adjustment	Push-button
Maximum User Weight	113 kg
Included Accessories	Wrist strap

WHO IT SUITS

- People who often need both hands for a moment, such as at a shop counter
- Users who find bending to pick up a stick difficult
- Walking in dim light, early in the morning or in the evening
- Users up to 113 kg who want a stick that packs into a handbag or backpack

GOOD TO KNOW

- The base stands the stick upright on flat, level ground.
- Use the strap to hold the folded sections together when you carry it.
