Quad Walking Stick with Fold-Down Stand-Assist Handle & LED Light

Model **EK-846** · Joy Ours part no. **JOY-WALK-846**

A quad-base stick with a fold-down handle for standing up, an LED light and ten heights starting from 70 cm.

KEY FEATURES

- **Fold-down stand-assist handle** Flips down for extra leverage when you rise, then folds flat against the shaft.
- **Four-point base** Rubber feet give a wide footing and let the stick stand on its own.
- **LED in the main handle** Lights your way at night or in dim rooms.
- **Ten heights from 70 cm** Adjusts from 70 to 93 cm, which suits shorter users.
- **Textured T-handle** Contoured and textured for a comfortable grip.
- **Wrist strap** Keeps the stick close when you need your hand for something else.

SPECIFICATIONS

Colour	Metallic blue
Handles	T-handle and fold-down stand-assist handle
Height Range	70-93 cm
Height Settings	10
Maximum User Weight	100 kg
Main Grip	Contoured, textured T-handle
Included Accessories	Wrist strap

WHO IT SUITS

- People who need help pushing up from a chair, bed or car seat
- Shorter users: the lowest setting is 70 cm
- Night-time trips to the bathroom
- Users up to 100 kg who want a stick that stands up on its own

GOOD TO KNOW

- The base stands the stick upright on flat, level ground.
- Fold the stand-assist handle back against the shaft when you are walking so it stays out of the way.
