Adaptive Spork with Strap

Model **EK-B902** · Joy Ours part no. **JOY-DALY-B902**

Photo available on request

A spork with a thick textured handle and silicone hand strap, so one utensil can scoop and pick up food.

KEY FEATURES

- **Spoon and fork in one** One spork head for scooping and picking up food, so there is no swapping utensils.
- **Thick textured handle** 3.2 cm across, with a textured, non-slip TPE surface.
- **Adjustable hand strap** A multi-hole silicone strap holds the spork on the hand when grip is weak.
- **360° turning head** Turn the head to any angle on the handle and it stays in place.
- **Bendable neck** Bend the metal neck to change the angle at which food reaches the mouth.
- **Room for a weight** Unscrew the handle to add a weight inside if a heavier utensil suits the user.

WHO IT SUITS

- People with a weak or limited grip who find standard cutlery hard to hold
- Eating one-handed with a single utensil for the whole meal
- Users who need the utensil angled to reach the mouth comfortably
- Left- or right-handed users

GOOD TO KNOW

- Once you have turned the head to the right position, it is fixed there until you adjust it again.
- The strap has several holes, so it can be set to fit snugly around different hand sizes.
