Suction Scoop Plate

Model **EK-B908** · Joy Ours part no. **JOY-DALY-B908**

An 18.5 cm scoop plate with a raised, curved edge and a suction base, microwave safe, in pink or white.

KEY FEATURES

- **Curved scoop edge** A raised, inward-curved edge guides food onto a spoon or fork.
- **Lower front edge** Easier access when scooping with cutlery.
- **Suction base** Food-grade silicone base grips smooth, flat surfaces to stop the plate sliding.
- **Microwave safe** Reheat a meal directly on the plate.
- **Everyday look** Pink or white, with a plain design that suits the dining table.

WHO IT SUITS

- Eating one-handed, with a plate that stays still
- Limited hand control that makes pushing food onto a fork difficult
- Meals that need a flat plate rather than a bowl
- Anyone who prefers tableware that doesn't look clinical

GOOD TO KNOW

- Put the plate on a smooth, flat surface, such as a bare table top, so the suction base can grip.
