Adaptive Knife with Strap

Model **EK-B920** · Joy Ours part no. **JOY-DALY-B920**

Photo available on request

An adaptive knife with a 1.9 cm stainless blade, a thick textured handle and a strap that holds it on the hand.

KEY FEATURES

- **1.9 cm stainless blade** Food-grade 304 stainless steel on 11.5 cm of metal.
- **Thick textured handle** 3.2 cm diameter, non-slip TPE.
- **Silicone strap** Adjusts through several holes to hold the knife on the hand.
- **360° blade position** Turn the blade on the handle and fix it at the angle you want.
- **Optional weighting** The handle unscrews to take a weight.
- **Either hand** Set up for left- or right-hand use.

WHO IT SUITS

- People who find it hard to hold a standard knife firmly enough to cut
- Users pairing it with the matching adaptive fork
- Carers setting up a meal so the user can cut their own food
- Left- or right-handed users

GOOD TO KNOW

- Check the blade is fixed at its set angle before you start cutting.
- Adjust the strap so it holds snugly without being tight.
