Hi-Lo Homecare Bed with Headboard

Model **EKB931-Y** · Joy Ours part no. **JOY-BED-B931**

An electric Hi-Lo bed that rises from 31 to 78 cm, with adjustable back, legs and lumbar and an upholstered headboard.

KEY FEATURES

- **31-78 cm Hi-Lo** The whole platform rises and lowers so getting in and out, and carer help, happen at a suitable height.
- **Back, leg and lumbar** Backrest up to 60-65°, legs up to 40-45°, plus up to 10 cm of lumbar adjustment.
- **Whole-bed tilt** Tilt the entire sleeping platform forwards or backwards by up to 12°.
- **Presets and memory** TV and Zero Gravity positions, one-touch flat and position memory, by remote or smartphone app.
- **Under-bed lights** Two lights under the bed help you see the floor when you get up at night.
- **Rails and headboard included** Upholstered bedside support rails (49 cm high) and a matching upholstered headboard come with the bed.

Lumbar Adjustment Range	0-10 cm / 0-4"
Backrest Adjustment Angle	60-65° Maximum
Size	Long Single, King Single, Double Long

WHO IT SUITS

- People who find a standard bed too low or too high to get in and out of
- Carers who help with transfers or repositioning and need the bed at a working height
- People who sit up in bed to read, eat or watch TV
- Homes that want a care bed with a homely, upholstered look

GOOD TO KNOW

- The 31-78 cm height range is measured without a mattress. Add your mattress depth to work out the sleeping height.
- The bed is heavy: 114 kg (Long Single), 119 kg (King Single) and 144 kg (Double Long). Eight castors help with repositioning, but plan the room layout before it arrives.
- It runs on mains power (100-240 V), so place it within reach of a power point.
