WHO IT SUITS

- People who find it fiddly to match both handle heights
- Users who want a simple pull-strap fold
- Walking to appointments or the shops early or late in the day
- Users up to 130 kg needing a handle height of 80.5-91 cm

GOOD TO KNOW

- After any adjustment, use the numbers on the handles to check both sides match.
- Measure your car boot against the folded size (65.5 × 24.5 × 81.5 cm) before ordering.
