# Quad Motor Lift Recliner Chair, Classic Frame

Model **EKS72** · Joy Ours part no. **JOY-RECL-S72**

A quad-motor lift recliner on a compact classic frame, 77 or 80.5 cm wide, with powered headrest and lumbar.

**KEY FEATURES**

- **Four independent motors** Headrest, lumbar, backrest and legrest each adjust separately from the handset.
- **Powered lift** Rises and tilts forward up to 24° to help you stand up and sit down.
- **Compact classic frame** 77 cm wide (Petite) or 80.5 cm (Standard), the narrower of the two quad-motor frames.
- **Massage and heat** Built-in massage with selectable modes and zones, plus heat.
- **160 kg safe working load** Rated for users up to 160 kg, with a one-year whole-chair warranty.
- **Hard-wearing fabric** Breathable, pet-friendly polyester rated above 40,000 rubs.

| Colour               | Light Brown, Dark Grey               |

**WHO IT SUITS**

- People who find it hard to stand up from, or sit down in, a standard armchair
- Lounge rooms with limited space, where a 77-80.5 cm wide chair fits better

**GOOD TO KNOW**

- Allow room to recline: the chair is 193 cm (Petite) or 190 cm (Standard) long when fully reclined, and about 143-144 cm high when lifted.

- Users who want separate control of head, lower back, back and leg positions
- Households with pets, thanks to the pet-friendly fabric
- People who rest, read or nap in their chair during the day
- Seat height is 50 cm in both sizes; the Petite seat is 49 cm wide and the Standard 54 cm.
- Cartons measure 85 × 76 × 76 cm (Petite) and 85 × 81 × 76 cm (Standard), so check doorways and hallways.
