WHO IT SUITS

- People who need help standing up from a chair and prefer a broader frame
- Users who like higher armrests to push up from

GOOD TO KNOW

- Fully reclined, the chair is 193 cm (Petite) or 194 cm (Standard) long, and it reaches about 146-146.5 cm high when lifted. Leave room in front and behind.
- Seat height is 50 cm (Petite) or 49 cm (Standard).

- Lounge rooms with space for a chair up to 92 cm wide
- People who spend much of the day resting, reading or watching TV in their chair
- Cartons measure 86 × 86 × 85 cm (Petite) and 86 × 91 × 85 cm (Standard), larger than the Classic Frame's, so check doorways and hallways.
