JOV008 Height & Width Adjustable Toilet Surround

Model **JOV008** · Joy Ours part no. **JOY-TOIL-V008**

A toilet frame with handrails, an LED light and adjustable height and width that needs no wall fixing.

KEY FEATURES

- **Adjusts to your toilet** Height 67-74 cm and a 29-46 cm width range to suit user and toilet.
- **Handrails both sides** Stable handholds for sitting down and standing up.
- **LED night light** Built-in light for low-light or night-time use.
- **Folds for storage** The handrails retract to make storing or moving the frame easier.
- **Freestanding frame** No drilling or permanent installation needed.
- **Rubber anti-slip feet** Durable feet improve contact with the floor.

WHO IT SUITS

- Older adults who need a handhold on the toilet
- Pregnant users wanting extra support when sitting and standing
- Homes where wall grab rails aren't an option
- People who use the toilet at night and want some light

GOOD TO KNOW

- Measure around your toilet: overall width is 51-58 cm and depth 32-40 cm.
- Tighten the support plate knobs and check the frame is steady before each use.
- Warranty: 1 year.
